St.LukesHealth Hospital cover

Stand-alone Hospital cover

St.LukesHealth is Australia's Number One Private Health Insurer for Customer Satisfaction in 2016, 2017, 2018 and 2019 and is a proudly owned and operated Tasmanian company, providing private health insurance to Australians since 1952.

We offer a variety of Hospital products with different excess options available to suit your lifestyle. Our Hospital products can be taken out on their own if you are only looking for Hospital cover, or you can tailor your own Hospital and Extras package by combining a Hospital cover with a stand-alone Extras cover. For more information on our Extras cover, refer to our **Extras Cover** brochure or visit www.stlukes.com.au.

Hospital Product Tiers

We want to make it easier for you to choose, use and understand your private health insurance.

As a result, all of our Hospital and Packaged products are classified under the product tiers of Gold, Silver, Bronze and Basic so that you can compare what clinical categories you want to be covered for. For instance, if you want to be covered for all 38 clinical categories you would choose a Gold product. If you want some Hospital cover but not all clinical categories, you would choose Silver, Bronze or Basic.

In addition to this, St.LukesHealth has taken the step to include more than the minimum requirements under each tier. This is denoted by our products having the word "Plus" in their name – just another way we are providing value to you.
